

creating your interactive science NOTEBOOK cover

Create the Title Page for your notebook. It should be colorful, creative, and neatly done. We will use packaging tape to “lamine” the cover on to the front of your notebook.

Requirements:

1. Draw four (4) or more pictures related to science content
2. Use four (4) or more colors (black and white do not count as colors).
3. Color the entire page. Polka dots and stripes are ok. There shouldn't be more than minimal white space.
4. Center the following on the page. Information should be neatly written.
 - Grade Level
 - Science Opportunity!
 - School Year
 - First and Last name
 - Teacher
